INTRODUCTION AND GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, present to subscribers and the general public, the 1964 edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The position occupied by MANNING'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order:—

I. THE DESCRIPTIVE SECTION is the first major department printed on blue paper: information about statistical review, historical sketch manufacturing, trade and civic surveys and indexes and deluxe advertising.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional, world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the indication of telephone subscribers at homes and places of business.

RUTLAND

"The Marble City"

The publishers of this Directory have attempted in the following pages to give the outstanding features of the City of Rutland. The local resident or businessman as well as the potential visitor will have at hand a ready reference about the city and its people. The purpose here is to portray as much of Rutland's charm and greatness as is consistent with facts.

The Directory is in effect an encyclopedia of information about the city. It shows localities, street changes, growth of sections and general city changes. The names of residents give evidence of racial characteristics, which is helpful to anyone making a detailed study of Rutland.

The Rutland Directory becomes a part of the Free Library Exchange System of North America, and through this medium disseminates information about the city far and wide.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77, Schenectady 100, Buffalo 379, Chicago 933, Elmira 286, Troy 99.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Contains area of 8,113 square miles, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter or township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating sky line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range forming the western wall of a very attractive valley run-

ning into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain Valley. From any high point in the city of Rutland can be seen Taconic range mountain peaks to the southwest, which separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or parks. Mountain climbing within a few miles of city. The trail to Mt. Killington, over 4,200 ft. in height, is a notable mountain climbing stunt. For lesser climbs there are Shrewsbury 3,700 ft. and Pico 4,000 ft., and trails in the Green and Bird Mountains. Lake Bomoseen at a distance of 12 miles is of crystal clear water, some 10 miles long. Lake Dunmore, 26 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction for camping, boating and bathing, and other lakes nearby.

The proximity of the "Long Trail," passes within 10 miles of Rutland doubling along the ridge of the Green Mountains, and crossing following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Killington and Pico. This is one of the most famous trails in eastern North America, and is popular. Rutland is one of the supply points on this trail.

Two of Vermont's finest ski areas surround Rutland. Pico Peak has long been a favorite of ski enthusiasts and the Killington Basin Ski Area draws thousands of skiers from all parts of the East.

INDUSTRIAL—Rutland is a leading industrial community. There are 48 plants making a variety of more than 50 products valued over \$22,000,000. A number of nationally known firms are included in Rutland's manufacturing family. General Electric Co, Howe Richardson Scale Company, Rutland Fire Clay, Tuttle Law Print, Tampax Inc, Moore Business Forms Inc and the Albert Rosenblatt & Sons firm. Products manufactured in Rutland include medical products, awnings, flags, books, reels for electric wiring, mica insulating paper, tile, women's clothing, roof cement, castings, legal forms, scale machinery, stone working machinery,

aircraft accessories, garden tools, iron castings, mattresses, finished marble products, maple sugar utensils, marble, jewelry, wooden bowls, steam boilers, gloves, slippers, inert pigment and fillers and wood products. Quarrying of marble, slate, lime, talc, soapstone is extensively carried on in the Rutland area. Agriculture, fruit raising and dairying are important in this county. 92% of the labor supply is native born. The Greater Rutland Industrial Park offers excellent facilities for industrial concerns seeking a site. Firms seeking information contact the Rutland Chamber of Commerce.

FINANCIAL—Rutland has 4 banks and a cooperative savings and loan association. There are two commercial banks and two savings banks. The total resources of the 4 banks and loan association covered by this directory are \$103,662,752.

EDUCATION—There are 7 public elementary schools, 1 high school and a junior high school. 3 elementary and 1 high school comprise the Parochial School System. The public library has over 62,000 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION—The 1961 population of Rutland City is 18,325. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,139; 1890, 11,760; 1900, 11,499; 1910, 13,560; 1920, 14,954; 1926, 14,825; 1927, 17,446; 1930, 17,082; 1950, 17,659; 1960, 18,325. Total population covered by the directory is 27,000.

MERCANTILE—Rutland is a trading center for 110,000 people. It is the commercial center for an area covering a radius of 40 miles from the city. There are 400 stores, retail and wholesale. There are three miles of store frontage located mostly on Merchants Row, Center, West, Wales, Strongs Ave., Willow and Evelyn Streets. Annual sales \$35,000,000. 300 proprietors and co-partnerships and 65 corporations. 1,600 employed clerks, payroll \$1,500,000. There are over 225 professional offices.

TRANSPORTATION—The Delaware & Hudson Co have the terminus of two divisions here, running into New York and Pennsylvania. The Clarendon and Pittsford Railroad, short line running between Florence, Proctor, West Rutland and Center Rutland. The total inbound and outbound tonnage annually is nearly 250,000 tons. A complete bus system serves locally and interurban. There are also 7 interurban bus lines. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three are asphalt, with following route numbers: 4 to Whitehall, N Y; 4 to Concord, N H; 7 to Bennington and Troy, N Y; 7 to Burlington and Montreal, Canada, 103 to Bellows Falls; 30 to Middlebury via Castleton; 3 to Pawlet via Castleton; 3 to Pittsford via Proctor; 286 to Granville via Powne. The airport has a runway of 4,100 feet north and south and 3,600 feet east and west.

MISCELLANEOUS—Rutland has 73.55 miles of streets with 13.68 first class, 14.18 second class, 24.93 third class, 1.87 fourth class. City owns \$754,000 real estate not including school property. Water reservoir capacity 90,000,000; Daily average consumption is 2,900,000 gallons; average water pressure is 85 pounds. Fire Department has 2 stations with 29 personnel and 10 call men. Police Department has one central station with 26 men, 3 school crossing patrolmen and 1 traffic bureau policewoman, 8 playgrounds with weekly attendance over 9,000. 16 churches 50 fraternal orders. 3,700 dwellings with average 5 persons per dwelling. There are 5 hotels with transient capacity of about 500, there are inns with transient capacity of 250, making a total transient capacity of 750. 2 radio broadcasting stations. Mean annual temperature 47.1, average annual rainfall 34.2 inches.

PUBLISHERS NOTICE

This department combines, for the first time, the advertisements into ONE easy to use department of the CITY DIRECTORY for the whole area.

RUTLAND

Trading Center for a Population of Over 100,000

NEW DEPOT PARKING LOT CENTER OF BUSINESS DISTRICT. OFF STREET PARKING FOR 1,100 AUTOMOBILES IN BUSINESS DISTRICT.

A Charter was granted to the Town of Rutland on September 7, 1761 and Rutland was organized as a City on November 19, 1892. It has a population according to Federal 1960 census of 18,325. City and town 20,000 present estimate 21,000.

Rutland known as "THE MARBLE CITY" is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glens Falls is 50 miles, Albany is 90 miles and Schenectady 100 miles.

Rutland is an industrial center served by the Delaware & Hudson Railroad, and Vt. Railway out of Burlington, Vt. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks and recently expanded 80,000,000 gallon reservoir.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Highways in seven directions. North-South Airline Service. The Purest of mountain brook water feeds the reservoirs.

Plenty of Building Room with the Remarkable Sky Line to the East

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 1000,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or co-partnerships and 61 are corporations. Nearly 2,000 clerks are employed. There are over 200 professional offices.

Recreational Rutland

In promoting a greater and better city it has been the aim of the planners of future Rutland to give full emphasis to the pleasure and health aims for our citizens. Foremost on this plan is the Municipal Recreation Department which offers a year-round recreation program for all ages interests and abilities. Other natural recreation facilities include hiking, mountain climbing, trail tramping, snowshoeing, skiing, camping, picnicing, and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

The Municipal Recreation Department of Rutland has for its facilities two small year-round recreation centers, three major playgrounds, three minor playgrounds, four tennis courts, swimming pool, three baseball fields, three ice skating rinks and a portable ski tow. The program of the Recreation Department is a year-round schedule of physical, artistic, aesthetic and educational activities for all age groups temperaments and interests.

Rutland County also offers excellent bass trout and pike fishing in its many lakes and mountain streams. A record number of deer were taken during open season in the county woods. Foxes, rabbits and bear are also plentiful.

Rutland offers great potential for winter sports with two of Vermont's finest ski areas within 15 miles of the downtown section. Pico Peak has been a favorite of skiers for years and has recently been joined by the excellent facilities at Killington Basin Ski Area in Sherburne. The Killington Chair Lift carries skiers 4,400 ft. into the clouds with breath-taking trails awaiting their descent. This is the highest chair lift in the east with trails for novice as well as expert skiers.

Rutland Municipal Bathing Pool

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis are part of the regular school schedule of athletics.

Rutland has received recognition from its excellent junior ski program. Junior skiers from Rutland walked off with national honors and continually place among the top competitors in the eastern United States.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

Lawrence Recreation Center the Gift of Edwin W. Lawrence is located at 88 Center Street, Rutland.

Rutland Municipal Airport

THE CITY DIRECTORY

secures its information at the source from personal interviews by a complete door - to - door canvass which is a very expensive publishing operation.

The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

It is the only complete census for public service.

Do you cash checks?

For cashing a stranger's check, the police department of Tacoma has given sensible rules. The home address should appear on the check and BE VERIFIED BY THE CITY DIRECTORY; this and the name should be checked with the driver's license of the man trying to cash the check; also against his bank book. Signatures should be compared. A LOT OF QUESTIONS AS TO THE MAN'S NAME, HIS WIFE'S NAME, WHERE HE WORKS, WHO ARE HIS NEIGHBORS, ALL HELP and can be verified in the City Directory. If he admits being from out of town, his check is a risk. F.F.I.—For Further Information Use the City Directory!!

ARE CITY DIRECTORY ADS WORTHWHILE???

To answer this question, analyze the publication or advertising medium by asking these questions.

1. HAS IT A VALUE?

Any medium must have value, either in dollar return, reader interest or usefulness before it can have an advertising value.

The City Directory has a high definite value. People must have information it can give and they therefore pay a good price for it.

2. IS IT ACCESSIBLE AND WELL KNOWN?

The medium must be known to the general public and be easily accessible.

The City Directory is accessible to the public 350 days a year in most public offices, institutions, drug stores, banks, filling stations and places that use and give information. It is the recognized and universal informational service to practically every city and large town in the world.

3. DOES IT PERFORM A SERVICE?

Every medium must perform some service to warrant its existence.

The City Directory performs a most valuable service by providing, in the only complete form, an informational guide and catalogue to a city and its people.

4. WHAT IS THE LENGTH OF LIFE OF THE MEDIUM?

The longer the ACTIVE LIFE of the medium, the better it is.

The City Directory has one of the most active and long lives of any medium. It is available approximately 12 hours a day, 350 days a year and is seldom filed away or thrown out before two years.

5. WHAT IS ITS PRESTIGE?

A medium must have prestige if it has public recognition and acceptance.

The City Directory is recognized as a necessary public service and as such has very high prestige in business, professional and governmental affairs.

6. WHAT IS ITS CIRCULATION?

Not only how many people see it but how many times they see it during the ACTIVE LIFE of the medium determine its circulation rather than just the number of copies issued.

The average City Directory is used three times a day, is available 350 days a year to all and is bought and used by practically every type of business, profession and government agency. Thus 500 copies of your directory would have $500 \times 3\frac{1}{2} \times 350 = 612,500$ yearly circulation or consultations.

7. WHAT ARE ITS ADVERTISING PRICES?

Comparative points as outlined previously determine its value in advertising dollars.

The City Directory advertising prices are among the lowest in comparison with other yearly, monthly, daily or weekly mediums.

**THIS IS WHY YOU WILL MAKE A GOOD INVESTMENT
IN CITY DIRECTORY ADVERTISING.**

This publication
is the product
of a member of...

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a

tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

PUBLISHERS' NOTICE

The information in this directory is obtained as far as possible by actual canvass, compiled in a way to insure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be pleased to have any inaccuracies called to their attention, for correction in succeeding editions.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted. The post office address is given only when the same does not correspond with the name of the town.

Every City Must Have a Directory

....not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes.

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

Your CITY DIRECTORY —

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference

- | | |
|-----------------------------------|--------------------------------|
| 1. INDEX TO ADVERTISERS | 4. CLASSIFIED BUSINESS SECTION |
| 2. DESCRIPTIVE AND MISCELLANEOUS | 5. BRANDED GOODS BUYERS' GUIDE |
| 3. CLASSIFIED BUYERS' GUIDE | 6. ALPHABETICAL SECTION |
| 7. HOUSEHOLDERS' AND STREET GUIDE | |

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householder "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "△"—Telephone Subscriber "©"—Homeowner.

List
1964

Copyright 1964, by H. A. Manning Co.

CONTAINING A FULL LIST OF STREETS AND ROADS
WITH DESCRIPTION OF LOCATION, INTERSECTING STREETS
AND THE DWELLINGS AND STORES LOCATED THEREON.

Residences and places of business are designated by their street numbers numerically arranged. Where the houses are not numbered, the householders are arranged in the order that they appear on the street. (L) and (R) indicates houses on left or right side of street (tr) after name indicates trailer. Figures or letters in parentheses following names indicate number of room or floor in building.

The symbol △ denotes householders and places of business reporting telephones. The symbol © following householders name indicates that information has been secured that the house is owned by some member of the family. The publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes. No responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.

"No Report" indicates that enumerator was unable to get complete information at the address by personal call, telephone or mail. After the name of a street the word "street" is omitted. For complete list of abbreviations see first page of alphabetical section. Indexing by letter and number at end of street description refers to map number location, if map is included.

Back Files of City Directories are Extremely Valuable

CONTINUOUS DIRECTORY SERVICE

past directories answer questions like these . . .

- How long has John Doe worked for Blank & Co.?
- How many years has Jim Smith lived at the same address?
- How and where has your city grown?

KEEP YOUR OLD DIRECTORIES

A perpetual file of city directories gives you a complete picture of your city's history and the people who comprise your market. People are the heart and soul of any city—here you have a complete record of them.

Trace the movement, job changes, marital status of individuals—see just how and where your city has grown—find the answers to dozens of questions about people—answers that cannot be found in any other single record.

ARE CITY DIRECTORY ADS WORTHWHILE???

To answer this question, analyze the publication or advertising medium by asking these questions.

1. HAS IT A VALUE?

Any medium must have value, either in dollar return, reader interest or usefulness before it can have an advertising value.

The City Directory has a high definite value. People must have information it can give and they therefore pay a good price for it.

2. IS IT ACCESSIBLE AND WELL KNOWN?

The medium must be known to the general public and be easily accessible.

The City Directory is accessible to the public 350 days a year in most public offices, institutions, drug stores, banks, filling stations and places that use and give information. It is the recognized and universal informational service to practically every city and large town in the world.

3. DOES IT PERFORM A SERVICE?

Every medium must perform some service to warrant its existence.

The City Directory performs a most valuable service by providing, in the only complete form, an informational guide and catalogue to a city and its people.

4. WHAT IS THE LENGTH OF LIFE OF THE MEDIUM?

The longer the ACTIVE LIFE of the medium, the better it is.

The City Directory has one of the most active and long lives of any medium. It is available approximately 12 hours a day, 350 days a year and is seldom filed away or thrown out before two years.

5. WHAT IS ITS PRESTIGE?

A medium must have prestige if it has public recognition and acceptance.

The City Directory is recognized as a necessary public service and as such has very high prestige in business, professional and governmental affairs.

6. WHAT IS ITS CIRCULATION?

Not only how many people see it but how many times they see it during the ACTIVE LIFE of the medium determine its circulation rather than just the number of copies issued.

The average City Directory is used three times a day, is available 350 days a year to all and is bought and used by practically every type of business, profession and government agency. Thus 500 copies of your directory would have $500 \times 3\frac{1}{2} \times 350 = 612,500$ yearly circulation or consultations.

7. WHAT ARE ITS ADVERTISING PRICES?

Comparative points as outlined previously determine its value in advertising dollars.

The City Directory advertising prices are among the lowest in comparison with other yearly, monthly, daily or weekly mediums.

**THIS IS WHY YOU WILL MAKE A GOOD INVESTMENT
IN CITY DIRECTORY ADVERTISING.**

West Rutland Alphabetical Directory 1964

Copyright 1964, by H. A. Manning Co.

PUBLISHERS' NOTICE

The information in this directory is obtained as far as possible by actual canvass, compiled in a way to insure maximum accuracy. While the publishers will in no way be held responsible for any errors that may occur, they will be pleased to have any inaccuracies called to their attention, for correction in succeeding editions.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted. The post office address is given only when the same does not correspond with the name of the town.

For full list of abbreviations see first page of Rutland alphabetical section

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

For complete list of abbreviations see first page of Rutland alphabetical section.
